## CERTIFICATIONS

**2024:** NDG Linux essentials

## INTERESTS

I like soccer, music, tourism.

## OBJECTIVE

Short-term Objective (Next 3 years): Complete my Software Engineering degree at Adventist University of Central Africa, Rwanda, with a strong focus on gaining practical project management skills through coursework and internships. Additionally, I aim to obtain relevant certifications such as PMP (Project Management Professional) or PRINCE2 to enhance my credentials.

Long-term Objective (Next 5-7 years): Transition into a Project Manager role within the software engineering field, leveraging my education, internships, and certifications to effectively lead teams and deliver successful projects. I aspire to demonstrate leadership by driving innovation, optimizing processes, and delivering impactful results that contribute to the success of the organizations I work for.
